

Checklist - Starting a Business in New South Wales

Starting or buying a business necessitates research, risk, passion, courage and planning. The harsh reality is that enthusiasm, money, hard work, talent or a great idea is not enough to guarantee success in business.

Over the years, we have mentored hundreds of clients through the start up phase of their business and have earned a reputation as a business start up specialist. Along the way we have developed a number of practical tools including our comprehensive guide titled 'Starting or Buying a Business in Australia'. This 44 page booklet provides valuable information on a number of key issues that confront a new business owner.

We have also produced a number of templates and checklists to help you fast track your business success. This particular checklist provides a 'road map' of the issues you need to work through and lists some key links.

CHECKLIST - STARTING A NEW BUSINESS			
	Item	Details	Links/Reference
1	Business Plan		
1.1	The Plan	<p>A business plan should provide an overview of where you plan to take your business and how you intend to get there. It should support the viability of your idea and is more than just a document to satisfy your financiers.</p> <p>To succeed you need a clear vision for your business but many business owners fail to document their business plan because they are waiting for more certainty regarding their current financials, funding or sales but your business plan should steer your activity, not the other way around.</p> <p>The first step in building your cash flow budget is to identify all your start up costs. Using our Start Up Expense Checklist you can identify the costs.</p>	<p>Business Plan Template</p> 
1.2	Cash Flow Budget	<p>Next, you need to project all your income and expenses for the next 12 months.
